The MLD Foundation celebrates its 10th year by again bringing the world's leading researchers in Enzyme Replacement, Gene Therapies, and Stem Cell Transplants – along with experts in Practical Day-to-Day Care for those affected with MLD. Our goal is to connect you with other families and resources to improve your loved one's quality of life. There will be plenty of time to talk & interact with the families, doctors, and the other experts attending.

We encourage you to bring your MLD-affected loved one with you. A staffed respite room will be provided for them as well as a separate supervised child care room. We also encourage those who have recently lost loved ones to attend – we love you, too!

Register early - space is limited. Registration includes meals and two nights lodging.

The MLD Foundation serves families affected by metachromatic leukodystrophy (MLD), a terminal neuro-metabolic genetic condition affecting people throughout the world. Our slogan, *We C.A.R.E.*™ reflects our culture of Compassion, Awareness, Research, and Education. For more information about the MLD Foundation and metachromatic leukodystrophy please visit us at www.MLDfoundation.org

The MLD Foundation is headquartered in West Linn, Oregon, USA and is a registered (501)(3) non-profit organization. MLD Family Conference and We C.A.R.E. are trademarks of the MLD Foundation.
